BRITISHERS JOINED THE NATIVES.

The Governor Gave Permission to the Inhabitants to Celebrate the Event Without Restriction.

The Populace Assembled in Front of the British Consulate When the Band Played Old English Airs and the Crowd Cheered.

Colon, Dec. 26.—Colon just now is in a state of joyful excitement following upon the news that the British government had recognized the republic of Panama. This news, which was conveyed early in the day by the British consul at Panama to the junta, was received here late Thursday evening and immediately circulated.

The foreign population of Colon is largely composed of natives of Great Britain, and the Britishers joined the natives in their jubilation.

Senor Porfirio Melendez, the civil and military governor of Colon, rightly interpreting the feelings of the community, gave permission of the inhabitants to celebrate the event without restriction, and full advantage was taken of the permission.

At 8 o'clock Thursday night Gov. Melendez, accompanied by a band and a military escort, together with a great crowd of inhabitants, assembled in front of the British consulate, where the band played old English airs and the crowd cheered most enthusiastically. A torchlight procession was afterward formed, the crowd marching through the streets singing "God Save the King." This sentiment, "God Save the King," was heard everywhere Friday.

Their visits it is understood, were entirely of a social character.

A BUSY CHRISTMAS

It Did Not Entirely Interrupt Martial Preparations at the League Island Navy Yard.

SIX HUNDRED MARINES FOR COLON

The Cruiser Dixie Is Being Made Ready to Sail For the Republic of Panama Monday.

The Transports Sherman, Buford and Crook Are Being Made Ready For Any Emergency That Arises at San Francisco.

Philadelphia, Dec. 26.—Christmas was not allowed to entirely interrupt the martial preparations at the League Island navy yard, where the cruiser Dixie is being made ready to sail for Colon on Monday with 600 marines. With the arrival of 94 marines and two officers from Washington Friday night the first large detail of those to go to Colon were quartered on the Dixie. Some additional stores were taken on board Friday and everything now is in readiness for the reception of the 400 marines who are to come Saturday and Sunday from New York, Norfolk and Annapolis.

Boston, Dec. 26.—Thousands of persons at the South Terminal station Friday night cheered the company of marines which left for Philadelphia, from which city the men will sail Monday on the United States steamship Dixie as a portion of the marine battalion which will go to Panama with Gen. Elliott.

Company A is the designation of the detachment which left the navy yard Friday. It was commanded by Capt. George C. Reid, of the Charlestown barracks, and Lieut. Davis B. Willis, who came from Washington on Thursday to join the company. The company numbers 96 men.

Washington, Dec. 26.—War department officials admit that the transport Sherman, Buford and Crook, now at San Francisco, are being made ready for sea. Primarily these vessels are intended for the Manila service, but officials make no concealment of the fact that they want to be ready for any emergency which may arise and should the government desire to use any of them for the transportation of troops to Panama, the ships will be available for that purpose. Still the positive assertion is made that no orders have been received by the quartermaster's office at this end to that fact; it is simply, it is stated, a case of being prepared if the occasion arises.

The Sherman recently has returned from Manila. She is in need of some repairs and the present intention of the quartermaster's office is to send her back to the Philippines on February 1. The Buford has been laid up at San Francisco for two years and just now she is being overhauled and some coal saving appliances installed. The Crook is in need of a thorough overhauling and renovating which is being given her.

The shooting occurred near Benton, in the western section of the city, where a number of Negroes began rioting Friday afternoon. Allington, who did considerable promiscuous shooting, retired to a cabin, which was surrounded by a dozen policemen and a crowd of 200 citizens. Owing to the presence in the cabin of a Negro girl, the police refrained from bombarding it, although Allington fired at least 50 or 60 shots at them, with the result already mentioned. When Allington's ammunition finally gave out the police arrested him without further trouble.

The day opened comparatively warm and cloudy, but Friday afternoon a decided change set in, the sky clearing and the temperature falling 31 degrees in four hours. This fall in temperature was accompanied by a high wind that gained a velocity of 40 miles an hour, doing considerable damage in various parts of the city.

At the height of the blow, portions of the east and north walls of the partially completed \$1,000,000 Buckingham hotel, at West Pine and King's Highway, were blown down, causing damage estimated at \$75,000. The building had been leased for the World's fair period by the Buckingham club, of which Miss Helen M. On the World's fair grounds nearby considerable damage resulted from the wind, which blew down scaffolds and wrecked some temporary structures.

Chicago, Dec. 26.—A severe snowstorm followed by a cold wave visited Chicago Friday. The snow commenced to fall at 9 o'clock in the morning and continued until late in the afternoon, the entire fall being estimated by the weather office at 3½ inches. The storm at first was unaccompanied by wind, but late in the afternoon a gale of 40 miles an hour sprung up from the northwest and the mercury fell rapidly. The thermometer stood at 15 above zero during the greater part of the day, and at 10 o'clock Friday night it had fallen to 4 below, with the promise from the weather office of 10 degrees below by daylight Saturday.

The snow did not cause any trouble until the wind arose, when it commenced to drift badly, and many of the outlying street car lines were seriously crippled. The cold is scheduled to continue through Saturday, with a high wind to add to the discomfort. Sioux City, Ia., Dec. 26.—There was a drop in the temperature of 40 degrees here between 8 o'clock Friday morning and 8 o'clock at night. The mercury stood at 6 below zero at the latter hour.

The bill recently introduced in Congress for the relief of tobacco growers is awakening interest all over the country, and there are evidences of much activity among people interested to induce Congress to pass it. It provides that anybody may buy and sell leaf tobacco, in any quantity, anywhere, without tax or license, and it permits a grower to stem and twist his own crop without restriction or tax. Concerted action is being taken in some parts of the Tennessee-Kentucky tobacco regions, and even in North Carolina the interest is awakened.

ACME OF PERFECTION

IN FOUNTAIN PEN CONSTRUCTION.

Quaker City Self-Filling Fountain Pen

NO DIRT, BLOTS OR SPILLED INK.

FOUNTAIN PEN PERFECTION.

The Quaker City Self-Filling Fountain Pen Fills Itself and Thereby Fills a Long-Felt Want.

[Free Press.]

Any reliable time saver is eagerly welcomed by the modern business man. Probably the most forceful illustration of this condition of things in recent years was the enthusiasm with which the fountain pen was greeted. It seemed to mean the saving of so much time and annoyance for so many people that its sale was simply phenomenal.

But the fountain pen was not by any means perfect and its users soon discovered that the bother was only concentrated, instead of being dispensed with. The finest fountain pen would write indifferently well as long as there was ink in it but, when that gave out our busy man had to stop, unscrew an inky cap, hunt around for a filler and the particular ink recommended by the manufacturer of that particular pen and so on through a long process of annoyance.

The manufacturers of the Quaker City Self-Filling Fountain Pen have overcome all this bother and produce a practical writing tool which is as easy to use as if one were simply writing with the filler needed for the old pen. There is nothing to unscrew, nothing to squirt, nothing to lose or get out of order. Its construction is simple and substantial and the operation of filling is so simple that you wonder nobody thought of it before.

It is merely necessary to dip the pen pressing it slightly, lift up as usual and go on writing. Its capacity is no less than the bothersome kind.

We feel that we are not over-praising the Quaker City Self-Filling Fountain Pen when we say that it represents the acme of fountain pen achievement.

Only fountain pen that never spills ink, never inks the fingers, needs no filler, can be filled from any ink well, anywhere! Greatest gift of the year, for business men, students, school children—all who use a pen!

A GREAT GIFT

\$1.00 BRINGS IT TO YOUR DOOR!

A HOG'S LONG FAST.

Lived Three Months Without Food or Drink, But Was About All Gone When Found.

[West Union Depender.]

A hog belonging to James Graham, of near Dunkinsville, certainly holds the world's record for fasting.

According to reports to the Defender, this hog still lives after doing without food or water since the first week in September. Mr. Graham turned a drove of hogs in a stubble field and took them out in September, when two of them were missing. A search was made, but no trace of them could be found, until last Sunday week, when a tenant found one of them wedged between two stones in a sink hole, 16 feet deep.

When taken out the hog weighed 60 pounds and was so weak that it could not stand. The other hogs, when sold a few weeks ago, averaged 200 pounds. The other hog cannot be found and it is thought by some people that both the porkers fell into the sink hole and that one of them was killed by the fall and was devoured by the other.

The hog found Sunday bids fair to live and ramble around until the butcher cuts him down.

A Lot of Birds.

[Cynthiana Democrat.]

There is a great similarity in names in this city and community. There are the Feebacks, Utterbacks, Hornbacks, Lauderbacks and Fishbacks. Last Sunday in the Christian Church they had a peculiar wedding. A Miss Martin first married a Crow. Crow died and she married a Robbin. She parted from Robbin and last Sunday Mrs. Robbin married Dave Buzzard. She has one Martin, two Crows, a Robbin and a Buzzard in her home.

BIG YIELD.

Tobacco Grown Under Canvass Double in Weight to That Raised in the Open.

[Lexington Herald.]

Edward Downing, who raised the two acres of tobacco under canvass, has stripped the crop and says it will yield at least 3,500 pounds to the acre, against 1,200 to 1,800 open cultivation, the quality of the article, too, excelling the latter in a greater degree, commanding in the open market from 40 to 50 cents per pound, as against 7 to 12 cents for open cultivation.

W. REESE DOBYNS.

Former Maysville Gentleman Who Became a Great Favorite in His Ohio Home.

[Portsmouth Blade Dec. 23]

W. Reese Dobyns is registered at The Washington. A few years ago Colonel Dobyns was an interesting figure in and around Portsmouth and Waverly. His home was Maysville, Ky., and he belonged to one of the blue blooded families of Mason County. One day he landed in the vicinity of Waverly with a party of Kentucky friends looking for a fishing camp. They found one and put in several weeks fishing and hunting. Dobyns became acquainted with everybody in Waverly and for many miles around, and liked the surroundings so well that he partially made his home in Waverly for many years. He became a leader and a power in politics, of the Republican stripe. Though he had no vote in the State, he lined up at the primaries and at conventions with cheerful enthusiasm. He became one of the lions of Waverly, to be pointed out to visitors. He was a great wit and wag. Like all wags, a host of stories are attributed to him with no foundation in truth. Some of these he resents, and others he accepts and adds a few embellishments. Mr. Dobyns is now a quiet Lawrence County farmer, owning a fine farm adjacent to Proctorville. His Portsmouth friends were glad to see him. He is still a wit, but has toned down considerably.

Master Commissioner Taylor sold a house in Culbertson belonging to the estate of the late Mrs. Fanny Hise to M. C. Hutchison for \$350.

The performances of the Myers Stock Company at the opera house are giving entire satisfaction. It is about the best repertoire company that has played Maysville this season. The company is an excellent one and carries all special scenery for their plays. "Through the Breakers" will be presented at the matinee this afternoon at 2:30 o'clock. Admission 10 cents to everybody. "The Heart of Colorado" to-night. Tickets for both performances on sale at Ray's.

How many feathers are on a Plymouth Rock hen weighing seven pounds? A Boston firm offered big premiums for correct guesses. A poultry dealer killed a hen of same weight and size, and the count disclosed 7,000 perfect feathers, but three thousand were double feathers, or small feathers attached to the large breast and back feathers. Counting these the hen was clothed in over 10,000 feathers.

COMING OUR WAY.

Looks Like the Bridging of the Ohio at This Point May be Expected in Early Future.

The survey for the Columbus and Ohio River road was completed to Aberdeen this week, and a special from Ripley says the gap between Ripley and Aberdeen will be constructed at once. The money is already provided for.

Thursday the company's surveyors were at work near the mouth of Limestone Creek, this city, securing "bench" levels, and it now seems that the bridging of the Ohio at this point may be looked for in the early future.

ROOSEVELT'S PICTURE.

It Was Found Badly Damaged in Gov. Ferguson's Office.

Guthrie, O. T., Dec. 26.—Gov. Ferguson Friday night discredited the story that the large picture of President Roosevelt in his office, which was found in a badly damaged condition Thursday morning, was destroyed by some drunken or foul-minded vandal. He says he is confident that it was accidentally smashed by one of the three janitors, as it had been repaired when he returned to the office Thursday afternoon. The janitors have not been questioned.

SANTA CLAUS' DREAM OF DAN COHEN:

Old Santa Clause pondered and scratched his head;
"What good thing can I do for Maysville?" he said.
"The people there are good and they're true;
They deserve something fine and something new."
So he thought and planned with emotion deep,
Till at last, so weary, he fell asleep.
The wind howled and whistled and fast fell the snow;
The people of Maysville appeared in a row,
Marching two by two, rich and poor, young and old,
With feet bare and freezing and bleeding with cold.
To the sole of a foot there was never a shoe;
They begged Santa Claus' pity for even a few.
His eyes filled with tears, he awoke with a start,
And wondered what angel had entered his heart.

He sprang to his feet, danced and shouted with glee
"I'll send Dan Cohen to Maysville," quoth he.
"A gift better far than a Christmas tree—
A blessing perpetual he surely will be;
Oh, better, much better, than gay Christmas tree!
He shall furnish them shoes so good and so cheap
That careworn mothers will cease to weep
Over barefooted girls and barefooted boys.
He shall offer them something far better than toys—
Shoes for the young and shoes for the old,
For shy little girls and big brothers bold,
For little and big and all the 'betweens,'
By the hand of his Manager, W. H. MEANS."
